TEMPOROMANDIBULAR JOINT DISORDERS - TRIPLE D SYMPOSIUM

vydehi
Institute of
Dental Sciences
& Research Centre

Dear colleagues,

On behalf of the organizing committee, it is a pleasure to invite you all to the CDE on "Temporomandibular Joint Disorders - A Triple O Symposium".

Temporomandibular Joint Disorders (TMDs) belongs to heterogenous group of disorders having various clinical problems that involve muscles of mastication & / or the Temporomandibular Joint (TMJ) itself. Myofacial pain disorders are the most common cause of non dental pain in the Head and neck region followed by Joint disorders that includes internal derangements, degenerative joint diseases and inflammation of Joint space.

This CDE Program is aimed at revisiting the knowledge of Anatomy, Basic Physiology, Occlusion & Pathologies of TMJ. It also intends to create awareness about the Current Concepts and guidelines in the Management of TMDs.

With Warm Regards,

Organizing Committee

**Department of Oral Pathology and Microbiology
VIDS & RC**

PROGRAMME

GUEST SPEAKER	
Dr. GURURAJ 	Dr. N. Gururaj is heading the Department of Oral Pathology at CSI College of Dental Sciences & Research, Madurai. He has an experience of nearly 19 years as a dental clinician and is passionate about TMDs. He believes in early diagnosing and conservative treatment of the TMDs.
