# ABOUT THE CONFERENCE

- The aim of this conference is to enhance undergraduate students knowledge and understanding of conservative dentistry and endodontics by bridging the gap between theoretical learning and clinical application
- It seeks to provide a platform where students can learn about recent advances in restorative materials, endodontic techniques, and modern technologies such as rotary instrumentation and minimally invasive dentistry.
- Additionally, it encourages scientific thinking, research orientation, and professional development through interactive sessions, expert lectures, and opportunities for paper and poster presentations, fostering academic confidence, teamwork, and a spirit of excellence among future dental professionals.

# ABOUT THE COLLEGE

- VIDS&RC, located in Bangalore, India, is a premier institution dedicated to excellence in dental education, research, and patient care.
- Established with the vision of providing comprehensive dental training, the college offers undergraduate and postgraduate programs across all major specialties of dentistry.
- The institution is committed to fostering innovative learning, research orientation, and professional ethics, ensuring that its students are well-prepared to meet the evolving demands of dental practice and contribute meaningfully to community oral health.
